FRESH FACE FORWARD

• VA Argipack (Retinol) improves the look and feel of aging skin, minimizes the appearance of fine lines and large pores, and encourages the development of healthy epidermal cells.
• TA Argipack (Tranexamic Acid) brightens the complexion, and reduces the look of melasma and other pigmentary disorders.
• RS Argipack (Resveratrol) has proven-grade (50 per cent pure) resveratrol, a powerful antioxidant that counters UV-induced photoaging, promotes overall skin health and combats oxidative stress.
Just before use, the ampoule is inserted into a specialized incubator that thoroughly mixes the active and carrier, so you get a "freshly brewed" emulsion with maximum ingredients that penetrate deep into the skin.
A cooling face-clothe mask follows, after which a red LED light is administered to aid skin regeneration.
Your skin may be pinkish post-treatment, but it should subside within a few hours. Take the ampoule home

THE REMAKE:

keeps to those sticky, white plastic pore-strips for mucky factor, but when it comes to mixing blackheads for good, exfoliation is key. Look for products packed with fruit extracts to slough away dirt and grime, like Perricone MD Pre-Cempt Series Exfoliating Pure Retiner, which is great for anyone experiencing the first signs of congestion. If your hair's firmly set up-shop, Caudin Premium Hot & Cool Pure Pack Duo works by first exfoliating dead skin cells and clinging to impurities via a warming charcoal powder, before the soothing sensation of the second step, a mask enriched with glacial water to close pores.
