Our fashion director Sascha Lilić guides us through his vision of a post-COVID spring.

As we are slowly emerging out of a long hard winter into a post-pandemic world, we welcome spring with open arms. We want to celebrate the first rays of sunshine and being able to go everywhere by dressing up again. We feel exuberant, we want it all: colours, prints, patterns, volumes, layers... FUN!

Positivity is the magic word that will take us from spring into summer and beyond.

The vast choice that fashion has in store for us this season gives us a massive playing field. From casual streetwear inspired looks, quirky designs, demure silhouettes down to glamorous cocktail and evening wear. Last year's escapism has been replaced by a joyous party mood that is energising us all.

Dress by Temperley London. Cuff by Van Cleef & Arpels. Sunglasses by Calvin Klein. Shoes by Dea Ocleppo.
